

## **EMERGENCY CONTROL ORGANIZATION (ECO) BACKPACK**

The ECO backpack assists the safe evacuation, effective rendezvous and accounting for all personnel on site (POS) in accordance with Australian Standard AS3745 and current best practices. Position the ECO backpack close by the muster area and outside the building. Some items may be held by wardens inside the building.

- Chief Warden helmet/cap and vest
- Area/Floor Wardens helmets/caps and vests
- Megaphone, heavy duty torch and rechargeable air horn
- Clip board and pen for each Area/Floor Warden for recording names by area/floors
- Basic first aid kit
- Hard copy telephone directory for key internal and external numbers
- Hard copy of the nominal roll of all employees, their floor location and their Nominated Emergency Contacts (NEC)
- Hard copy of directions to travel to the IT Disaster Recovery Site and Business Continuity Recovery site.
- Wallet cards with 1800 number for employees
- Spare mobile phone and charger
- Cabcharge
- USB or CD ROM with soft copies of all business contingency plans.

Rehearsals to further customize the ECO backpack to each site are essential

Contact [www.frsa.com.au](http://www.frsa.com.au) for ancillary products such as muster point signage, evacuation map display holders, exit signs and glow in the dark luminous signage.

Contact [www.crisisleaders.com](http://www.crisisleaders.com) for assistance with rehearsals.
